

# Corporate 5

The five key elements to build business success

## 1 Project management

## 2 Management and leadership

## 3 Customer contact

## 4 Sales and marketing

## 5 Business administration

The Strategix Corporate 5 consists of a range of comprehensive training packages that can be tailored to meet training and development needs within your organisation.

It is essential that your training and development investments support the core objectives and overall direction of your business. Strategix can address both the short and long-term needs of your business through customised programs and flexible delivery methods conducted within your workplace.

The Strategix Corporate 5 incorporates best practice methodologies designed to enhance business performance through organisational development strategies and capability enhancement programs.

Through federal incentives available to Employers, the packages within the Corporate 5 can be delivered at no cost to your business for eligible candidates.

The Corporate 5 incorporates five key elements relevant to the corporate sector;

**Project Management, Management & Leadership, Customer Contact, Sales & Marketing and Business Administration**
