

Logan Motorway Maintenance works

3 March 2026

Towards a safer, more efficient journey

Logan Motorway – Pavement resurfacing works

Just like your car needs a service, we conduct routine maintenance on our roads to ensure a safer journey for our motorists.

From Sunday 8 March until late 2026, we'll be resurfacing the Logan Motorway between Formation Street and the Centenary Motorway to deliver a safer, smoother drive.

This work is separate from the proposed Logan West Upgrade Project, which if approved, will widen a 10km section of the motorway. To find out more, visit loganwestupgrade.com.

What's happening?

We'll be removing and replacing layers of pavement and line marking. Key upgrades include:

- **Eastbound:** New pavement, drainage, guardrails and line marking from Formation Street to the Centenary Motorway Interchange off ramp.
- **Westbound:** New pavement and line marking from the Centenary Motorway Interchange on ramp to the western departure of Boundary Road Overpass.

We'll be working mostly at night when the number of vehicles travelling on the motorway is lower. Works will typically take place Sunday to Thursday nights between 8pm and 5am each night. Some occasional works will also occur during a weekend from 8pm Friday to 5am Monday. All works are subject to weather and construction conditions permitting.

Traffic changes

To minimise disruptions and get these works done quickly and safely, there will be changed traffic conditions.

Rest assured, you'll still be able to get to where you're going. During major works, we may need to completely close sections of the motorway or on and off ramps, however detours will be in place. Contraflow will also be in place at times with single lanes remaining open under reduced speed limits and traffic control.

Logan Motorway Maintenance works

The following closures are scheduled:

- **Sunday 8 March to Thursday 12 March 2026 and Sunday 15 March to Thursday 19 March 2026:** Logan Motorway eastbound closure between Formation Street off ramp and Boundary Road/Skepper Street on ramp, Ellen Grove, 8pm to 5am each night. Detour in place.
- **8pm Friday 20 March through to 5am Monday 23 March 2026 and 8pm Friday 27 March through to 5am Monday 30 March 2026:** Logan Motorway eastbound on ramp from Boundary Road/Skepper Street closure with detour in place. Contraflow in place on Logan Motorway between Formation Street and Centenary Motorway.
- **Sunday 22 March to Thursday 11 June 2026:** Logan Motorway eastbound on ramp from Boundary Road/Skepper Street closure with detour in place. Contraflow in place on Logan Motorway between Formation Street and Centenary Motorway, from Sunday to Thursday nights between 8pm and 5am each night.

Construction activity

During the works you should expect:

- motorway closures with detour in place
- contraflow where lanes are reduced and traffic is moved from one side of the motorway to the other to allow work to take place
- ramp closures
- reduced speed limits and other road safety measures
- increased noise and lighting coming from the construction area
- workers, vehicles and equipment moving in, out and around the construction area.

If weather or construction conditions stop us from working, we'll continue on the next available shift.

Plan your journey

Before you travel, please check for upcoming closures and traffic changes.
